

SYNC SPEED, INC. 2009 RENTAL CATALOG

PHILADELPHIA'S LARGEST PRODUCTION AUDIO & COMMUNICATIONS RENTAL COMPANY

WALKIES MOTOROLA

CP 200

We are Philadelphia's largest walkie rental house, all of our radios are UHF units featuring 16 channels of crystal clear communications for all of your departments. Our rentals include new spare batteries, six bank chargers, and your choice of headsets or handmics with each unit. All of our walkie channels have been chosen with great care and research, and are cleared by the FCC.

We understand that the units need to work from the moment you get to location. That is why we send all of our units and spare batteries fully charged.

We also understand that sometimes unforeseen needs come up mid-production, for a spare unit or ten. That is why we will always try to include some spares of everything in your order, just in case. We have been there, Trust us.

WALKIES & COMMUNICATIONS

CP 200

The only walkie we trust, the only one that you should as well. All of our frequencies have been carefully chosen for our area and are cleared with the FCC.

Price \$12 per day

HEADSET

Motorola quality and durability, these are included with each unit in your rental.

Price n/c

HANDMIC

Motorola quality and durability, these are included with each unit in your rental.

Price n/c

HIGH NOISE ENVIRONMENT HEADSETS

Used by most of the race teams in the US, these units are a necessity for locations where background sound is an issue.

Price \$20 per day

MOTOROLA SURVEILLANCE KIT

Everyone loves these once they try them. We also sell this unit.

Price \$10 per day

MOTOROLA SIX BANK CHARGER

We include these in rentals over six units

Price n/c

MOTOROLA BATTERY CAR ADAPTOR

Perfect for car rigs, teamsters, and PAs stuck driving all day long, no more dead batteries.

Price \$5 per day

Location WiFi is now fast and accessi- ble

JUNXION BOX LOCATION INTERNET

The best location tool to come down the pike in years. This tool works almost everywhere production goes, so you can work there too.

How does it work?

1. Insert the provided cellular PC Card modem into your Junxion Box™
2. Connect to the Junxion Box using Ethernet or Wi-Fi
3. Use the wireless Internet or share a local area network

It is that easy, put it in the production office, AD trailer, RV, back of the camera truck, middle of a corn field, client tent.... Anywhere you work, you can share internet service with everyone. Just plug it into A/C or cigarette lighter and your off.

Price \$50 per day (includes all costs of nationwide service, both Verizon and Sprint cards are available)

junxion™
connect simply.

If you do not see what you are looking for, give us a call & we can get it.**

Weekly rentals are based on a three day week.

All prices are subject to change without notice.

We have both been active crew members in the Film Industry since 1991 and have had the good fortune to have worked around the world on many different size and types of projects, with all types of great people. Our company, Sync Speed, Inc. is a direct result of these experiences.

We aim to provide you with the highest quality gear, competitive price and exemplary customer service. Regardless of your production's size and budget, we can help.

Give us a call.

Thanks,

Chris & Sonya
